

## **Welcome to St. Giles Children's Learning Center**

The Church, our staff, and administration would like to welcome you to our Children's Learning Center. We are so excited to have your child in our program and look forward to a year full of new learning experiences, nurturing activities, physical development, and cognitive development, as well as making new friends, meeting new people, and having a fun time. Please keep this handbook for future reference concerning our policies, calendar, and other pertinent information regarding our Center. Thank you for making us a part of your child's life. We look forward to serving your child and your family.

### **Enrollment**

St. Giles Children's Center welcomes children of any race, religion, and ethnic background. Children between the ages of fifteen (15) months and four (4) years are eligible to be enrolled in the center.

Children enrolling in the 2-year-old class (15-35 months) may attend on Tuesday, Wednesday or Thursday and may attend 1, 2, or all 3 days and they must be walking, and able to skip their morning nap. This is the Butterfly Class.

Children enrolling in the 3-year-old preschool class must be 3 on or before September 1<sup>st</sup> (36-47 months). Children entering the 3-year-old class must be potty trained or working toward the goal of being potty trained.

The VPK class includes children that are 4 years old on or before September 1. The VPK students must be potty trained.

All children must have both a health and immunization record at the time of enrollment. Health forms remain valid for two years from the date it has been completed and signed by a physician. Immunization records must be updated as additional shots are required for your children.

## **Tuition and Fees**

By enrolling with St. Giles Children's Center, you are agreeing to pay the monthly tuition which holds your child's spot in his/her classroom for the entire year. At the time of enrolling a child at St. Giles Children's Center, a NON-REFUNDABLE registration fee of \$75 will be required. Tuition is divided into equal monthly payments and will be due by the 15<sup>th</sup> of each month. A late fee of \$15.00 will be charged after the 15<sup>th</sup> of each month. We accept checks made out to St. Giles Children's Learning Center and credit cards as payment for tuition.

## **Withdrawal Procedures**

If during the school term, a parent finds that it is necessary to withdraw their child from the program, notice must be given two weeks in advance. If you do not give a two-week notice, you will be responsible for the month's tuition. **Enrollment Agreement:** Please remember that we expect you to honor your enrollment agreement through May of the current school year.

## **Arrival and Dismissal Times and Procedures**

The Center opens promptly at 9:00 a.m. If you are arriving early, please wait with your child at the gate. Please do not bring your child to the classroom before the class is scheduled to begin. Do not leave children unattended. If you must bring your child to St. Giles Children's Center before school starts, we provide the Before Care Program beginning at 8:30 a.m. There is an extra fee for participating in morning and afternoon extended care. Consistently arriving late for school is not only disruptive to your child's education, but to the other children in the class as well as the teacher. Children not picked up at 12:30 p.m. will be placed in extended care and charged the extended rate. If after 2:00 p.m. or on days when extended is not provided, a \$1 per minute fee is charged for late pick-up.

## **Accommodations**

While our center has limited resources in helping children with special needs, we do not discriminate against any child. All reasonable efforts/modifications will be explored to integrate any child with special needs. Individualized assessments will be made to determine if our center is able to meet the need of each child. We encourage open communication with the parents/guardians and any other professionals who work with the child to determine if your program is the "right fit" for the child, family, and center. Visit the Americans with Disabilities Act website for commonly asked questions regarding the rights of children with disabilities and child care centers at: [www.ada.gov](http://www.ada.gov)

Pg. 3

## **Lunch Procedures**

Each class that attends has a thirty (30) minute lunch period. The teachers are busy during this time helping to open, distribute, and

make sure the children's needs are met. We are encouraging the following when it comes to packing your child's lunch:

1. **Please pack plastic ware/utensils:** If your child needs utensils to eat their lunch, please pack them in their lunch container. We do not have access to utensils.
2. **Lunchables** - we know that Lunchables are popular, and children like to bring them for lunch. Please do not send the pizza Lunchables with your child for lunch. The classrooms where the children eat are carpeted and as they are putting their pizzas together, more food goes onto the floor than into their mouths. Children will only receive snack in the afternoons during the extended day program. The Church will provide snacks for this activity.
3. **Healthy lunches:** Please pack a nutritious lunch for your child and make sure they have some type of protein, fruit, drink, and vegetable such as carrots or celery. Please try to stay away from sugary snacks and sending in too much food for lunch. Encourage your child to help when deciding what type of healthy foods, they would like packed in their lunch.
4. **Fruit:** Fresh fruit is a great option for lunch. If you choose to send fresh fruit in their lunch containers, please peel fruit and cut into slices for your child to eat. The children have 30 minutes to eat, and the teacher will not have time to peel and slice fruit. Thank you so much for your help with this.

## School Clothing

The children will be spending part of everyday outside, weather permitting. Please dress your child in appropriate play clothes. Some examples of appropriate clothing are: closed toe shoes (tennis shoes), along with socks, clothing that is easy to pull up and down, and clothing that your child can manipulate easily. Some clothing that is difficult in a school setting for a child to wear are: flip-flops, sandals, crocs, boots, shoes with no backs, and long dresses. Please help your child become self-sufficient by having them dressed appropriately for school. Please check the weather before leaving home so that your child will have appropriate clothing on during the day if the weather makes a sudden change. Children need at least **1 pair of extra clothing (including underwear and socks)**. This extra clothing should be placed in a Zip-loc bag with your child's name printed on the Ziploc. You may also choose to label your child's clothes with your child's name or initials so that your child's clothes do not go home with another child. The extra set of clothes will remain at school and not in your child's backpack. Toddlers need to have enough diapers and wipes to last an entire day. Drawstrings on clothing have been proven dangerous. Please keep this in mind when dressing your child for school. Your child will need to bring a backpack every day. VPK students should bring a pair of headphones that will remain at school throughout the year. These will be used when the children are using Chromebooks.

## Field Trips

The Department of Children and Families enforces strict guidelines for field trips. St. Giles Children's Center has chosen not to offer the traditional field trips. We do however believe that children should have extended educational experiences outside the typical classroom environment. Therefore, to help expand your child's understanding and learning we may, at times, offer pre-arranged opportunities outside our school. As we are not licensed to transport children off school grounds, teachers will give parents the information needed to a pre-determined destination. St. Giles will have no responsibility in transportation arrangements and parents will be required to sign a waiver releasing the Center of any responsibility. These opportunities are optional, and your child is not required to participate. If you decide that you do not want your child to participate, arrangements will be made for them to spend the time in another class. We do offer visits from community helpers during certain times of the year, and you will be advised of any visitors that may come to the school for learning opportunities.

## **Safety**

We take our responsibility for caring for your child very seriously. We have established procedures and expectations to ensure safety for all children at St. Giles Children's Center.

**We will not release your child to anyone who is a stranger to us.**

If we personally do not know the person picking up your child, even if they are on the enrollment form as an authorized person, we will need photo identification for verification.

We are currently following the CDC and DCF regulations regarding COVID 19 safety precautions. Children are not currently required to wear masks or face shields. If this changes for any reason, you will be notified. We will use Igloo coolers filled with iced water jugs to be filled each morning for use in each classroom. Water fountains will not be used at this time.

## **SANITATION**

The student restrooms will be sanitized each morning prior to the students arriving at school. Classrooms will be cleaned/sanitized every day after school and as needed during the day. The classrooms will be locked and not utilized by anyone other than the pre-school. Toys with smaller parts will be removed as played with during the day and sanitized at the end of each day. Water fountains will not be in use at this time. A cleaning crew hired by the Church will clean our buildings every Friday.

## **Discipline/Expulsion**

Discipline is a learning process. As adults we need to help children learn to live comfortably with themselves and others. They learn to do this by learning self-control and taking responsibility for their actions. Corporal punishment is **NEVER** appropriate and will not be used at the St. Giles Children's Center. We use a redirection approach to help guide children to acceptable behavior. At specific stages in a young child's development, hitting and biting are not unusual. These are innate mechanisms to protect and defend oneself. Our desire is to teach children positive and acceptable ways to deal with these normal

feelings of fear, anger, determination, sadness, frustration, elation, and excitement. When we experience a situation in which a child is

having difficulty coping with our school program and we feel we do not have the resources to handle the situation within our Center, we will do the following:

1. Ask parents or guardians to come in for a conference at a mutually convenient time.
2. Encourage the parents or guardians to discuss the situation with the staff and determine a mutual agreement on the course of action.
3. If the issues cannot be resolved within an appropriate time or cause disruption of the Center's program, and/or harm other children or staff, the child will be removed from the program.
