

## **Update from the Covid-19 Task Force**

**July 30, 2021**

In light of recent updates from the CDC our Mask Policy has changed.

Our New Mask Policy is as follows (updated 7/30/21):

*In accordance with recent CDC guidance, masks are required for all individuals inside St. Giles.*

Please use face coverings (over your nose and mouth) while inside our facilities, until CDC guidelines change.

### **What this means for you:**

- You will be required to wear a mask while attending worship or other activities within St. Giles facilities. Note that while this is a change for fully vaccinated individuals, it is not a change for unvaccinated individuals.
- Please continue to observe “social distance” seating, which is identified by green tape on the back of pew.
- Please observe social distancing in the Narthex and Sanctuary before and after the service.
- Masks are not required outdoors.

Thank you in advance for your understanding and cooperation.

Your Covid-19 Task Force,

Chair: Tim Wilson, Rev. Jessi Higginbotham, Jason Bridges, Irene Cheatum, Lydia Fiquette
